FREQUENTLY ASKED QUESTIONS

Many of our visitors ask themselves the same questions. To help you, we have gathered the most frequently asked questions here.

Why such affordable prices?

Why charge more if it isn't necessary? We also charge for our hours and our work.

We don't have a shop and work largely online, which allows us to maintain a low-cost structure, with no grey areas!

We have a VAT number and provide you with an invoice. Our best ambassadors are our clients.

We are fully equipped with the latest technical software and computers, which saves us time. Our many years of experience and expertise help us as well.

We like a transparent structure. NO surprises afterwards.

Our prices and surcharges are clearly listed on the price list. All prices include VAT, excluding travel time – hours are continuous and normally cannot be split.

Quality

Quality

We could write a lot, but the best comments and testimonials are always our clients' reviews. A score of 4.9/5 on Facebook is excellent.

Experience is our strength! At many celebrations, certain moments last only a second. An inexperienced photographer may miss that moment! So trust our experience.

We normally always work with the latest professional equipment.

Did you know that we are recognised as SONY professionals?

We always have at least 2 cameras at celebrations, with dual memory cards for immediate backup. That way, nothing gets lost, and of course we have ultra-professional lenses for every moment.

We always deliver your photos in full resolution via WeTransfer – without a watermark – in JPEG format – so your photos can be used for enlargements.

All photos are digitally checked before delivery and retouched if necessary.

Please note that post-production takes at least as much time as the reportage itself to deliver everything perfectly. This is also included in your price!

Need an album? No problem. Included in some packages. A digital album, viewable on PC, tablet or phone, is also possible.

Or order directly from the online photo gallery (only for certain packages).
All this at democratic prices.

No long waiting times! Receive your photos quickly! For a wedding, within a maximum of 10 working days, although it is usually much sooner. For corporate sessions and portraits, the maximum turnaround time is 3 working days. Even within 24 hours if necessary.

Would you like a more finished product, such as a card or frame, but also processed digitally?
No problem! Service from A to Z!

With us, you are not a number!

We focus on a personal approach and personalised service. Many clients have become friends in the meantime and regularly refer new clients to us!

A preliminary discussion for a wedding, session or event is possible with us. Online, it is free; at our location, we charge €50.

It's not that we have anything to hide, but otherwise we receive too many enquiries and the other photography work cannot go ahead. Most of the time, it isn't really necessary anyway. Our work, including recent work, is always visible on Facebook. Or visit our website and blog with all our photography work and tips. If you book your package, this amount will be deducted.

For a wedding or celebration, we will already send you a few digital photos on the same day. Special requests are always possible - we are happy to help!

A photographer at your celebration, with a smile and a wink. We always try to keep everyone as relaxed as possible. No forced poses!

Would you nevertheless like a studio photo session? Of course, that is possible in our BRAND-NEW studio, for up to 6 adults maximum - by appointment only - from 15 minutes onwards.

Practical information

All hours always refer to photography time and exclude travel time, unless stated otherwise. Travel time is calculated according to the fastest Google Maps route. For the price, see the packages.

From June to September, on Saturdays, we only accept packages from SILVER onwards. Only if the date is still available 60 days before your date may other packages also be booked.

If possible, please always provide a parking space.

At celebrations, please ask the venue for a table and chair near a power outlet.

On the day itself, we like to provide a few professional photos already, if possible, and this is always practical.

Drinking water must be provided for all assignments lasting 90 minutes or longer. We are not permitted to consume alcohol.

During assignments, a full meal must be provided if the assignment extends over lunchtime or dinnertime.

For assignments covering the afternoon and evening, lunch as well as a complete hot dinner must be provided. Venues and restaurants generally apply a special rate for photographers.

We always keep all photos for 12 months, guaranteed.

Do you still have questions? Please feel free to ask! We are very happy to be of service.

Your questions, by email, Messenger, WhatsApp or otherwise, always receive a very quick reply. Usually within the hour during working hours.

How to book?

We don't meet 90% of our clients beforehand. Many are also referred to us by other clients. Our recent work is always published on our Facebook page – also read the reviews.

The easiest way to book is as follows:

Check by email whether your date is available.

Tell us which package you would like (see the price list). Please take the round-trip travel time into account when choosing your package.

ALWAYS ASK WHETHER YOUR DATE IS AVAILABLE!

Then: send a booking email to: info@promofoto.eu

Tell us which package you would like (see the price list). Please take the round-trip travel time into account when choosing your package – calculated according to Google Maps.

In this email, include as much information as possible, such as names, address, contact details, mobile number and, if possible, a brief schedule of the day, for example start time, civil ceremony and/or church ceremony, and the location of the evening celebration. This is only a brief outline for us; we will of course discuss further information later, once you have more details.

Have you done this? You will then receive a reply by email very quickly, for confirmation and with any comments or questions. If everything is clear, we will send you a short contract with all the details. We will also send you the deposit invoice (25%). The balance must be paid at least 10 working days before the start of the wedding. You will also receive an invoice for this beforehand.

Is something unclear? Please feel free to contact us.

When should I book?

In principle, as soon as you know when your celebration will take place. Some clients book more than a year in advance, especially for the busy months from May to September.

I would already like to book for two years from now. Is that possible?

Yes, of course! It is even recommended for the busy months of May, June and September. And you benefit from the current price! No subsequent price increase!

LAST-MINUTE BOOKINGS? You suddenly need a photographer or someone else has cancelled...

We can generally help you – **WITHOUT** a surcharge if the booking is made at least 72 hours before the service!

TAKE AN OPTION ON A DATE?

Would you like to consider everything calmly and discuss it with your partner, while still keeping your date reserved with us? No problem! You can always take a non-binding option with us for 3 days.
