**ENJOY...
We do the rest!**

A romantic scene of a bride and groom kissing. The bride is wearing a white lace wedding dress, and the groom is in a light blue suit with a patterned tie. They are standing in front of a wooden wall with a stone fireplace mantel. The image has a soft, dreamy quality with a slight blur in the foreground.

FAQ

Many of our visitors have the same questions. To help you, we have bundled the most common ones here.

Why affordable?

Why more expensive if it's not necessary? We also calculate our hours and work.
We don't have a shop and work mostly online, which allows us to keep our cost structure low, no grey areas!
We have a VAT number and provide you with an invoice. Our best advertising is our customers.

We are perfectly equipped with all the latest technical programs and computers, saving time.
Our years of expertise and experience also help.

We believe in a transparent structure. NO surprises afterwards.
Our prices and supplements are clearly listed on the price list.
All prices include VAT, travel time excluded – hours are continuous and normally cannot be split.

Quality

Quality

We could write a lot, but the best comments and appreciation always come from our customers' reviews. 4.9/5 on Facebook is an excellent score.
Experience is our strength! At many events, for some moments you only have 1 second. An inexperienced photographer can miss this moment!
That's why you should trust our experience.

We normally always work with the latest professional equipment.
Did you know we are a certified SONY professional?

We always bring at least 2 cameras to events. With dual memory cards for instant backup. So nothing is ever lost, and of course top ultra-pro lenses for every moment.

We always deliver full resolution photos via WeTransfer – without watermark – in jpeg – so your photos can be used for enlargements.

All photos are digitally reviewed and edited where needed before delivery.

Know that post-processing takes at least as much time as the shoot itself to deliver everything perfectly. This is also included in your price!

Need an album? No problem. Included in some packages. A digital album (viewable on PC/tablet/phone) is also possible.

Or order directly from the online photo gallery (some formulas only)

All at democratic prices

No long waiting times! Receive your photos quickly! For a wedding max. 10 working days, but usually much shorter. For business shoots and portraits max. 3 working days. Even within 24h if necessary.

Want a further finished product (card, frame, etc.) Or digitally processed? No problem! **Service from A to Z!**

With us you are not just a number!

We believe in a **personal approach** and treatment. Many customers have become friends. And keep bringing us new customers!

Consultation for a wedding, shoot or event beforehand is possible. Online free, if at our location we charge €50.

Not that we have anything to hide, but otherwise we receive too many inquiries and other photo work cannot proceed. Usually this is not really necessary. Our work, including recent work, can always be admired on Facebook. Or in our wedding section, an overview of over 50 weddings. However, if you book your formula, this amount will be deducted.

For a wedding/party we deliver some photos digitally on the same day.

Special requests always possible – we are happy to help!

A photographer at your party with a smile and a wink. We always try to keep everyone as relaxed as possible. **No forced poses!**

Would you like a **photo shoot in the studio**? Of course this is possible in our BRAND NEW studio (up to max 6 adults)
– by appointment only – from 15 min.

Practical info

*all hours always **include travel time** – unless stated otherwise. Travel time calculated according to Google Maps fastest route.*

for shoots covering both lunch and dinner, a lunch meal and full warm dinner must be provided. Venues/restaurants usually have a special rate for photographers.

We guarantee keeping all photos for 12 months.

**your questions (email, Messenger,
WhatsApp or other) are always answered
very quickly.
Usually within the hour (during business

How to reserve?

90% of our customers we actually don't see beforehand. Many are also referred by other customers. Our recent work is always on our Facebook page - In any case, also read the reviews.

the easiest way to reserve is:

check by email if your date is available.

communicate your desired formula (see price list). Please account for travel time there/back when choosing your formula -

ALWAYS CHECK YOUR DATE!

After this: send an email for reservation to: info@promofoto.eu

communicate your desired formula (see price list). Please account for travel time there/back when choosing your formula - calculated according to Google Maps.

in this email include as much info as possible, such as names; address, contact details; phone; and if possible a brief schedule (e.g. start time, civil and/or church wedding, evening party location). This is just a short guide for us, we will discuss more details later when more is planned for you.

Have you done this? Then you will receive a reply very quickly. This as confirmation and with any remarks/questions. If everything is clear, we will provide you with a contract with all details. We will also send you the deposit invoice (25%). The balance only needs to be transferred min. 10 working days before the start of the wedding (but you will also receive an invoice for this beforehand).

Something unclear? Feel free to contact us

When to reserve?

In principle as soon as you know when your party is. Some customers reserve well over a year in advance, especially for the busy months May to September.

I want to reserve now for 2 years from now. Is this possible?

Yes! It's even recommended for the busy months May, June and September. And you get it at the current price! No price increases afterwards!

LAST-MINUTE RESERVATIONS? You suddenly need a photographer or another one cancelled...

We can usually help - WITHOUT surcharge if the booking is min. 72h before the assignment!

TAKE AN OPTION ON A DATE?

You want to review everything calmly and discuss with your partner.

But you still want your date reserved with us.

No problem!

You can always take a non-binding 3-day option with us.
